## Tomorrow You Will Buy \$17.50 \$25 Tailored Suits for

We Know You Will. You are a Woman of Taste. You are a Woman of Sense, too good sense to let an opportunity like this pass without investigating. An investigation by you is practically a sale made by us.

**We Made a Great Purchase of 1,000 Suits 50 Different Styles to Select From**

Had we bought less than this number, we could not have secured them to offer at \$17.50. We purchased the materials of which they are made—sample pieces from manufacturers and importers—fabrics that are used only in higher-priced suits. We took these samples to a first-class tailor; he said he would make up a thousand—no less—at a price pro rata which would enable us to offer them at \$17.50.

We selected the styles, those WE KNEW were favorites—handsome Broad-trimmed Suits, several in the high-waisted effects, and exquisitely fitting plain tailored styles; in black, blue and brown diagonal serges and smart two-toned whipcords, mannish worsteds, men's wear serges, chevrons and clay serges. The result achieved in the finished suit is positively beyond our expectations in style, finish and general effect.

**We Show the New Fall Designs in Serpentine Crepes At 18c Yard**

Serpentine Crepes are known the world over for their quality—also for producing the most beautiful effects in colorings and designs. Now ready with a complete assortment of the latest patterns—and the price but 18c a yard.

## SHOW IS BEST EVER

Verdict Given at Warrenton Hunt Club Exhibit.

**SOCIETY FOLK OUT IN FORCE**

Top-Notch Animals on View and Racing for Cups and Other Prizes.

WARRENTON, Va., October 8.—The races and horse show of the Warrenton Hunt Club, which took place on the course on the farm of William F. Willard, near Warrenton, opened here today at 10 o'clock. The most favorable weather conditions prevailed and from the opening hour the greatest interest was manifested in the events and the show which ever took place in this section of the Old Dominion. A brass band from Washington added a lot of enthusiasm to the program.

Society folk from all over the states of Virginia and Maryland, as well as from Washington, Baltimore and Philadelphia, were in attendance. A large number of automobilists took advantage of the roads and weather and were present in their machines. The course had been recently overhauled, race courses fenced in and jumps and winner's enclosure. The grounds were never in better condition, rains having lately made the soil all that could be desired. The lodge is stated to be the best amateur course south of New York. With the haze of early fall over the surrounding country and the smartly groomed riders and gentlemen adding picturesque to the view presented to the casual observer was one long to be remembered.

**Horse Show in Morning.**

The judges for the horses and jumping were Messrs. Thibault Stewart, Antonio Devereaux, Penn Smith, Alexander Brown and Samuel Willets. The morning was given over to the horse show events, the first four being jumping classes. Many of the good old top-notchers were exhibited, and a number of brilliant and clean performances were recorded. Silver cups were awarded the winner in each event.

The two costume classes were decidedly the feature of the morning. The first class, that of the fustian exhibit, showed a number of clever entries. The second, with the history of the Chase, from the days of Diana to date, was magnificent, spectacular and dignified. The judges, with the exception of the Chase, in its appointments and historically correct. So perfect were the details of every exhibit that it was no easy matter to place the cup for this event.

The last two classes of the morning, those for saddle horses and combination, were unusually well filled. At almost 100 entries competed in the six classes of the day. About noon luncheon was served.

**Seven Races in Schedule.**

Seven races were run in the afternoon. The Scramble, an open race, for three-year-olds and upward, about one mile, for which a cup was offered, was the first race. The Broadway cup, hunters' steeplechase, for bona fide hunters, to be ridden by gentleman riders in full hunt liveries, about two and a half miles, followed. This handsome cup was presented by Mr. Samuel Willets of Long Island. The Merchants' purse, an open steeplechase, for three-year-olds and upward, distance of about two miles, purse of \$100; the Warrenton Military cup steeplechase, for four-year-olds and upward, property of the United States government or officers of the army, navy or militia, ridden by officers in uniform, was a winner; the Masters' Cup, a steeplechase of about two and one-half miles, for qualified hunters ridden by gentlemen, was offered by William F. Willard, M. F. H., Warrenton Hunt Club; the Farmers' steeplechase, for a purse of \$75, and the mile steeplechase followed in the order named, each well filled with high-class entries and much good sport.

The events closed near 5 p.m. The meet, was held under the rules of the N. S. and H. A. Richard Wallace, who managed the meet, was congratulated on the success of the affair.

## WELL REMEMBERED HERE

Funeral of Former Senator Peffer Will Be Held Tomorrow in Emporia, Kan.

Former Senator Peffer.

News of the death of former United States Senator William A. Peffer of Kansas was received late yesterday afternoon by his son, William A. Peffer, Jr., who lives at 107 R street northeast and is an employee of the government printing office. He has been in poor health for some months, his physical condition making it impossible for him to attend the funeral of his father, which will be held in Emporia, Kan., tomorrow. A grandson, F. C. Peffer, also resides at the R street address.

Senator Peffer leaves two sons, William A. Peffer, Jr., of this city and Douglas Peffer of Topeka, Kan., and two daughters, Mrs. Emma Noble of Dubuque, Iowa, and Mrs. Winnie McClellan of Granola, Kan., with whom Mr. Peffer made his home during the last few years of his life.

William A. Peffer was born in Cumberland county, Pa., September 10, 1831. He went to California in the gold excitement of 1849. Returning east he married and moved to Indiana, and then to Illinois, where he joined the 82d Illinois Regiment and served throughout the war. In 1870 he went to Kansas and established the Coffeyville Journal. He became a populist and after serving a term in legislature was elected to the United States Senate in 1891 and served one term.

Former Senator Peffer is well remembered in Washington, having lived in this city for about twelve years, during and after his service as a member of the Senate. While here he made his home with his son-in-law and daughter, Mr. and Mrs. James S. McIlhenny, 1224 Riggs place northeast. Mrs. Peffer, wife of the senator, died during the residence here. Mrs. McIlhenny has been dead for several years, two children surviving.

It matters little what it is that you want—whether a situation or a servant—want ad in The Star will reach the person who will fill your need.

## AGREE ON HEALTH SHOW.

Surgeon General Blue Has Building in View for Exhibit.

A permanent exhibit on hygiene and sanitation probably will be established in this city within the next few months by the United States public health service as the result of several conferences which

have been held by Surgeon General Rupert Blue and Secretary MacVeagh of the Treasury Department.

Already Gen. Blue has his eye on a building well suited for the purpose. Since the passage of the bill by Congress last summer creating a national public health service Dr. Blue has had the establishment of a museum or exhibit on sanitation and hygiene under advisement. The congressional act provides that the public health service shall disseminate

knowledge on sanitation and hygiene, and Dr. Blue believes this can best be done through a permanent exhibit.

It is planned to have all new sanitary devices which are manufactured placed on display in the exhibit for a certain length of time. By this arrangement manufacturers throughout the country will be vitally interested in the scheme and will aid to make it the most complete hygiene and sanitation exhibit in existence. Where the articles which they manufacture are too large to be shown,

miniature models will be used, as was done in the case of many of the exhibits in connection with the hygiene and demography congress.

**Commerce Chamber to Meet Tonight.**

The Chamber of Commerce will hold its first meeting of the fall at 8 o'clock tonight. Many matters of importance are to be up for consideration. It is expected that a large number of members will be in attendance.

## SCHOOL POSITIONS VACANT.

**Stenography, Chemistry and Manual Training Teachers Wanted.**

To fill the position made vacant by the death of Mrs. Geneva Wise Gordon, teacher of stenography at the Business High School, Harry English, secretary of the board of examiners of the public schools, has announced an examination to be held in the Franklin School building Wednesday, October 16, at 9 o'clock a.m. The initial salary offered is \$950, to be increased later in accordance with the provisions of the

## act of Congress providing for longevity pay.

At the time this examination is being held, another one to fill a vacancy in the chemistry course in the high schools will be conducted. Dr. Phelps has resigned from the Central High School, making it necessary to appoint a successor.

A special examination will be held Thursday, October 10, to fill immediately the position of teacher of manual training in the white graded schools. The initial salary is \$650, but this also is increased automatically with length of service. The examination will be held in the Franklin School building.

## Unearned Wages Returned.

CHICAGO, October 8.—Thirty dollars was received by the city of Chicago yesterday in a letter directed to the controller and signed: "A sinner saved by grace." The writer explained that while doing vaccination work for the city health department he occasionally sent in a few names that he should not. He said his conscience bothered him and for that reason he was returning the money.
